John Attwill Clarke

None refused in our parish to take it

Henry Cleverdon Constable

Note: There are only two signatures on this list, John Attwill and Henry Cleverdon who was the constable. All the other names are written by the same person. This was quite usual in many parishes as very few people could write their name so they took the oath in the presence of the rector or church wardens etc. The names were written by a competent scribe with the constable acting as a witness.
